

10 SHOCK-EXPLOSION RESISTANCE

2021-07 Rev 1.0

- Pressure shock resistance has been tested by Dekra GmbH Bochum
- Connection with special pull-rings for angle flange
- Angle flange connection (pull-ring bolts with torque 25Nm)
- Materials: unalloyed steel
- Wall thicknesses of products are covered acc. to the catalogue

Druckstoßfest	bis 10 bar
Pipes up to 2000 mm	Including length of 1996mm, 996mm, 498mm and 212mm
From 2mm wall thickness	DN 80 up to DN 300
Inspection T-pieces	
From 2mm wall thickness	DN 80 up to DN 300
Forks	
From 2mm wall thickness	DN 80 up to DN 300
Bends R=2D 30°, 45°, 60°, 90°	
From 2mm wall thickness	DN 80 up to DN 300
